FOR THE
Commercial
KITCHEN

CATERING COLLECTION

Dualit understands the needs of professional chefs, restaurants, cafés, pubs, bars, hotels and B&Bs, and has developed innovative and easy to use products that can withstand the demands of a commercial environment.

From grills to soup kettles to conveyor, contact and traditional toasters, your kitchen will run efficiently with Dualit.

Vario

4 & 6 SLOT TOASTERS

Dualit's Classic Toasters are a design icon. Built for commercial use, they have since won numerous consumer accolades and come in a range of variants, sizes and colours.

From the Vario to the more specialized Sandwich, Combi and Bun toasters, they all share the same timeless styling, reliability and Dualit design features. Engineered to produce the best toast in the world, Dualit Classic Toasters are still built by hand in the UK, with the assembler's name on every base plate.

TOP 5 USPs:

- Hand built in the UK
- Unique, patented ProHeat® elements
- Replaceable parts for a toaster built to last
- Toasts at a rate of 160 slices per hour (4 slot) or 240 slices per hour (6 slot)
- Designed for heavy duty, commercial use

SPECIFICATION:

- Selector control for heating two, four or six slots
- Defrost setting
- Mechanical timer
- Manually operated ejector lever to keep items warm until needed
- High lift mechanism to remove small items easily
- Extra-wide 28mm slots and adjustable inner wire to grip bread
- Adjustable rear foot to compensate for uneven surfaces
- Removable crumb tray

Sandwich

TOASTERS

Dualit's Sandwich Toaster is specifically designed for the job in hand. Available in two and four sandwich versions, sandwich cages are included to enable continuous toastie making throughout the day. The slot selector switch enables the slots to be operated together or individually to save energy.

TOP 5 USP's:

- Hand built in the UK
- Unique, patented ProHeat® elements
- Replaceable parts for a toaster built to last
- Designed for heavy duty, commercial use
- Includes either two or four sandwich cages

SPECIFICATION:

- Toasts at a rate of 40 rounds per hour (two slot) or 80 rounds an hour (four slot)
- Selector control for operating slots together or individually
- Mechanical timer

- Extra-wide 28mm slots and adjustable inner wire guards
- Adjustable rear foot for uneven surfaces
- Removable crumb tray

POP-UP TOASTER

The four slot Pop-Up Toaster combines the convenience of an automatic pop-up toaster with simple operation, reliability and the robustness of a commercial product. Its stainless steel body has the build quality you would expect from Dualit, whilst the commercial-grade ProHeat elements are replaceable.

The intelligent browning system lets you set the browning control for your bread then auto-adjusts the time to ensure consistent browning from first to last slice. The spring-loaded slots centre the bread for even browning on both sides.

TOP 5 USP's:

- Unique, patented ProHeat® elements are replaceable
- Electronic browning control (set once for repeat cycles)
- Designed for heavy-duty, commercial use
- Automatic pop-up
- Intelligent browning system for even toasting

SPECIFICATION:

- Wide, 30mm slots
- Option to heat either two or four slots
- Toasts up to 160 slices per hour
- Stylish, stainless steel body
- Removable crumb tray
- Dial cover panel available

DIMENSIONS (MM):

TOP

Conveyor

TOASTER

The two slice Conveyor Toaster is easy to use, quick to heat up and handles busy breakfast services with ease, producing up to 360 slices an hour. It uses unique, thermostatically controlled elements to maintain the toasting temperature by cycling on and off when the toaster is idle, saving up to 20% on energy consumption – ideal when toasting is not continuous.

TOP 5 USP's:

- Toasts up to 360 slices an hour
- 20% energy saving when toaster is idle
- 5-10 minute heat-up time
- Element selector – select the top element only for buns and bagels
- Power saving standby mode – saves up to 75%

SPECIFICATION:

- Radiant Quartz Red Heat Elements
- Easy to use control panel
- Variable browning control
- Override safety cut-out
- Safe load-up area
- Heated holding area to keep toast warm
- Removable crumb tray
- Cool-touch exterior chassis

Contact

TOASTER

Dualit's Contact Toaster makes delicious, sealed toasted sandwich triangles; the deep mouldings and robust seal means that fillings can be extremely generous. Each hotplate can be operated individually if required, to save energy.

TOP 5 USP's:

- Hand assembled in the UK
- Makes deep filled, sealed sandwiches
- Makes 60 toasties per hour
- Replaceable parts
- Easy to clean plates

SPECIFICATION:

- Made from heavy-gauge, satin-finish stainless steel
- Individual controls for each plate
- Safety override cut-out
- Eight minute heat-up time

DIMENSIONS (MM):

Waffle

IRON

Dualit's Waffle Iron makes two rings of perfectly dimpled waffles, divided into four portions per ring. Made from satin finish, top grade stainless steel, each plate is coated with not one but two layers of non-stick coating. The two hotplates can be operated individually to conserve energy.

TOP 5 USP's:

- Hand assembled in the UK
- Makes 60 waffles per hour
- Each plate features two layers of non-stick coating
- Replaceable parts
- Easy to clean plates

SPECIFICATION:

- Made from heavy-gauge, satin-finish stainless steel
- Individual controls for each plate
- Safety override cut-out
- Eight minute heat-up time

2 in 1

WAFFLE & TOASTIE

Breakfast, lunch and desserts can be catered for with the versatile 2 in 1 Toastie and Waffle Maker. With one plate for toasties and one for waffles, this machine is a handy space saver ideal for cafés and smaller commercial kitchens. The plates can be operated together or separately for energy efficiency and each waffle or toastie takes less than two minutes to cook.

TOP 5 USP's:

- Hand assembled in the UK
- Separate plates to make toasties or waffles
- Individual controls for each plate
- Replaceable parts
- Easy to clean plates

SPECIFICATION:

- Makes up to 30 waffles and 30 toasties per hour
- Deep moulded plate for generous toastie fillings
- Makes four waffle portions per round

- Made from heavy-gauge, brushed stainless steel
- Each plate features two layers of non-stick coating
- Safety override cut-out
- Eight minute heat-up time
- Non-slip feet
